EDUCATION

Aditya Engineering College

Bachelor of Technology in Computer Science (AIML) – CGPA : 8.31

Expected Grad 2025

Surampalem, Andhra Pradesh

Aditya Junior College

Intermediate in M.P.C – CGPA : 9.00

June 2019 — May 2021

Kakinada, Andhra Pradesh

SKILLS

Languages	C++, Python, HTML, CSS, JavaScript
Frameworks	Bootstrap, React.js, Node.js, Express.js
Databases	MySQL, MongoDB
Dev Tools	Visual Studio Code, Figma
Proficiencies	Problem Solving, Data Structures and Algorithms

TECHNICAL EXPERIENCE

Technical Hub

Trainee

Full Stack Developer

- Completed an intensive training program focused on full stack development, gaining a solid foundation in both front-end and back-end technologies.
- Enhanced coding skills through hands-on projects and exercises, with a focus on languages and frameworks such as **HTML**, **CSS**, **Bootstrap**, **JavaScript**, **React.js**, **Node.js**, **Express.js**, and **MongoDB**.
- Acquired in-depth knowledge of full stack development principles, including web application architecture, API development, and database management. Gained proficiency in emphasizing **Node.js** and **MongoDB**.

CodSoft

Virtual Internship

Web Development

- Developed proficiency in HTML, CSS, and JavaScript by actively contributing to real-time projects.
- Successfully created engaging and responsive landing pages for client projects, demonstrating a keen eye for design and attention to detail.
- Actively participated in team meetings and training sessions to enhance technical skills and stay updated with the latest web development trends and best practices.

PROJECTS

Food Blog – Svaadisht

[Git Link](#)

HTML, CSS, JavaScript, Bootstrap, MERN Stack

- Created a food blog platform that provides detailed information on various types of food from around the world. Developed a user-friendly interface using **React.js**, ensuring a seamless and intuitive browsing experience.
- Utilized the **MERN** stack to build a dynamic and responsive website that interacts with a **MongoDB** database for data storage and retrieval.
- Implemented a comprehensive review system allowing users to leave feedback and rate different dishes, enhancing user engagement and content credibility.

My Portfolio

[Git Link](#)

HTML, CSS, JavaScript, Bootstrap, and React.js

- Designed and developed a personal portfolio website to showcase skills, projects, and professional experience utilizing **HTML**, **CSS**, **JavaScript**, **Bootstrap**, and **React.js**.
- Showcased a selection of projects with detailed descriptions and links, allowing visitors to explore work samples and project details. Highlighted technical skills and proficiency levels to provide a comprehensive overview of capabilities.

Database Management System – myData

[Git Link](#)

HTML, CSS, JavaScript, Bootstrap, MERN Stack

- Developed a dynamic database management system using the **MERN** stack, allowing users to access and download custom datasets for their specific purposes and allowing users to organize and categorize data according to their requirements.
- Enabled users to download specific datasets in various formats (e.g., CSV, XSLX) for offline use or further analysis, enhancing usability and flexibility.

ACTIVITIES

Awarded the **Merit Certificate** in the prestigious **Code Quill** competition conducted by **JNTUN**, Andhra Pradesh. .

2023

Achieved certification in **Python** programming language, **HTML**, **CSS** and **JavaScript** from **Pearson**.

2023
